

## W. J. BRYAN'S FRIENDS FEAR GROVER CLEVELAND

Plans for Nebraskan's Chicago Ovation Changed.

### CLEVELAND TO PAY A VISIT

Effort to Be Made to Head Off Effect of Former President's Appearance.

CHICAGO, July 16.—Politics are beginning to sizzle in Chicago in Democratic circles. The followers of Grover Cleveland and William J. Bryan are running about as if a nomination were imminent. Mr. Bryan is to speak in Chicago next Saturday and plans have been made to give the Nebraskan a great ovation.

But there have been many changes in these plans in the last day or two as a result of the announcement that Grover Cleveland has accepted an invitation to speak in Chicago some time in October before the Commercial Club.

**Fears of Cleveland.**  
Many leading Democrats declare that an active propaganda in favor of the ex-President is being preached in various sections of the Middle West, with the aim of making Mr. Cleveland the next Democratic nominee for President. The local leaders seem to believe that the friends of Mr. Cleveland are confident of success and that the movement is a serious menace to Mr. Bryan's candidacy.

It has been publicly asserted that Mr. Cleveland's appearance before the Commercial Club would be the occasion for launching his boom for the nomination, and then the result of the missionary work in his behalf would become evident.

**Denied by Members.**  
This is denied by members of the Commercial Club, who declare that politics will have nothing to do with the dinner or with Mr. Cleveland's speech. The invitation to Mr. Cleveland was extended through James H. Eckels, who was Comptroller of the Treasury under Mr. Cleveland. The ex-President is to choose the subject of the address, and no intimation has been received as to what he will talk about.

But the Bryanites are troubled, and the changes that are making in the plans for the ovation to Mr. Bryan are aimed not so much to show the loyalty of the local Democrats to him as to indicate their disapproval of Mr. Cleveland as a possible Democratic candidate next year. It is said that Mr. Bryan will touch upon the accumulating evidence of Mr. Cleveland's candidacy in the speech he will make on "Democratic Ideals." According to a close friend of Mr. Bryan he will point to the ex-President as an example of what a Democratic ideal should not be.

## ALEXANDRIA NEWS NOTES

### Mrs. Bacon Laid to Rest.

ALEXANDRIA, Va., July 16.—The funeral of Mrs. Mary Alice Bacon, widow of William H. Bacon, took place from the Washington Southern Railway Station here at noon today. The funeral procession wound its way to the Union Cemetery, where the funeral services were conducted by the Rev. J. P. Stump, pastor of the Methodist Episcopal Church South, assisted by the Rev. C. E. Ball, pastor of Grace Episcopal Church. The Woman's Auxiliary of Lee Camp of Confederate Veterans attended the funeral as a body. The pallbearers were G. William Ramsay, D. H. Appich, Edward Mills, Harvey Atkinson, Walter P. Atkinson, and Dr. Lindsay.

### Wedding Bells to Jingle.

The marriage of Archie Moore, a well-known Alexandria business man, and Ada Jasper, daughter of Thomas E. Jasper, is announced to take place this evening in this city at 6 o'clock. The Rev. H. J. Cutler will perform the ceremony.

### July Weddings.

Announcements have been made of the following marriages which took place in Alexandria this month:

Lola Virginia Hessler and Frank B. Mark, both of Washington, were married at the M. E. Church South parsonage by the Rev. J. P. Stump on July 8.

Edith P. Green and John P. Cronen, both of Washington, were quietly married by the Rev. J. P. Stump at the parsonage of the M. E. Church South at noon yesterday.

Lula Preston Taylor and John Davis Bentley, both of Washington, were married this week, at the parsonage of the Methodist Episcopal Church South, the Rev. J. P. Stump, the pastor, officiating.

### Police Board Meets.

The regular July meeting of the police commissioners of this city was held in the mayor's office last night. There were present the Hon. George L. Simpson, mayor, president, and Commissioners E. E. Lawler, E. C. Graham, and T. A. Fisher.

The question as to the right of the commissioners to make witnesses appear before them was discussed. The mayor stated that he had information that the General Assembly at its last session passed a bill making it obligatory upon persons summoned by the police commissioners or the fire wardens to appear before them or else they could be fined by the mayor for contempt.

Mr. Graham reported that the committee appointed at the last meeting to confer with the committee from the board of fire wardens had heard nothing from the other committee. It was evident that the fire wardens did not think the plan to have an ambulance driven by the firemen, the police to take the places of the firemen when off duty, was practicable.

### Royal Arcanum Pays Up.

Alexandria Council, Royal Arcanum, has paid \$3,000 each to the beneficiaries of the late Charles Keys and S. F. Dyson, who were members of the order.

## JUSTICE ANDERSON TO APPOINT COMMISSION

Body to Determine Value of Property in Square 690.

### SITE OF COMMITTEE ROOMS

Block Will Be Procured by Condemnation Proceedings—Also to Pass on Wildwood Appeal.

Two important matters will be discussed tomorrow by Justice Anderson, presiding in the equity branch of the District Supreme Court. One is the appointment of the commission whose duty it will be to determine the value of the different pieces of property in square 690, which is to be condemned as a site for a Government building and the announcement of instructions to the appraisers; and the other, the question of the right of the managers of the Wildwood poolroom to an appeal to the Court of Appeals for the District.

The most important matter which was called to the attention of the court in connection with the instructions which shall govern the action of the appraisers in determining the value of any piece of the property is whether the particular suitability of the land for the purpose of a site shall be considered.

**Asked for by Attorney.**  
This instruction was asked for by Attorney Raymond A. Helskell, representing owners of valuable property in square 690, which is to be condemned as a site of a building for committee rooms for the House of Representatives. Mr. Helskell argued that the suitability of the property for the purpose as a site for the building should be taken into consideration. His request is based on the decision of the Supreme Court of the United States in the case of the Boom Company against Patterson, which came up on appeal from Mississippi.

**Mr. Field's Ruling.**  
The opinion of the court was announced by Mr. Justice Field, which affirmed the award of the lower court, which took into consideration the suitability of the land in question for the purpose it was wanted by the Boom Company.

**To Prevent Extortion.**  
The land was a small island in the Mississippi River, and was wanted as a station to stow logs. The actual value of the land was about \$300, but because of its suitability for the purpose of the Boom Company the owner was awarded \$5,000, or \$5,200 more than the ordinary market value.

**Statement by Mr. Downs.**  
After Dyson had finished testifying a statement from N. Carroll Downs, private secretary to Senator McComas, who is ill at the Providence Hospital, was read. It set forth that Gillott was happiest when talking, and was a "hot air artist" of no mean ability, but had always enjoyed an excellent reputation. The only strikingly important part of the statement was Mr. Downs' admission that he had written to the Fire Chief in regard to H. T. Davis at Gillott's request. Davis is mentioned in the charge against the accused policeman as one of the men with whom Gillott had "transactions."

**Police on His "Scent."**  
An impostor, representing himself to be an agent of the Colgate Cologne Company, has been going the rounds of the city offering to give a chair away with a certain number of bottles of perfume. The police are looking for him.

**Real Estate Transfers.**  
Auctioneer R. F. Knox sold yesterday to the First National Bank a lot of ground, with the improvements thereon, on the south side of Queen Street, between Royal and Pitt Streets, for \$410, and also a lot of ground, improved by a brick dwelling, on the south side of Queen Street, between St. Asaph and Pitt Streets, for \$1,025. These sales were made for Gardner L. Boothe, trustee.

Auctioneer S. H. Lunt also sold yesterday in front of the market building a house and lot, 423 Henry Street, to J. C. Milburn, for \$350.

Harry Atcheson and P. McK. Baldwin have bought from Mrs. Isabel G. Johnston et al. a half square of ground on the south side of Madison Street, west of Royal Street.

### Mrs. Paff Expires.

Mrs. Louisa Paff, wife of the late Frederick Paff, died at her home in North Patrick Street yesterday evening, in the sixty-seventh year of her age. She was the mother of P. J. Paff, president of the common council. She is survived by three sons and two daughters—F. J. and C. B. Paff, Mrs. John Reed, of this city; Mrs. F. G. Deltrich, of Washington, and George Paff, of Pittsburgh, Pa. Her funeral will take place tomorrow afternoon from her late residence at 4:30 o'clock.

### To File Petition.

In the corporation court, Judge L. C. Barley presiding yesterday, a decree was entered in the case of Hattie E. Keene vs. Walter Scott, allowing B. Wheatley to file a petition.

### Primaries September 3.

A committee composed of Thomas H. Lion, chairman of the Democratic committee of Prince William county; J. M. Love, chairman of the Democratic committee of Fairfax county; Curtis B. Graham, chairman of the Democratic committee of Alexandria county, and Charles Bendheim, chairman of the Democratic committee of Alexandria city, have issued a notice of a primary election to be held on October 3, 1903, for the purpose of nominating a candidate for the State senate from the Fourteenth district of Virginia.

### Personal Mention.

Hollis R. Cooke and wife, who have been visiting relatives in this city, started for their home in Wilmington, Del., yesterday.

John Henderson was bitten by a bulldog while near the corner of Duke and Henry Streets.

Capt. W. L. Atkinson, of Baltimore, is in this city, having come here to attend the funeral of his sister, Mrs. William H. Bacon.

## POLYCEMAN GILLOTT IS A "HOT AIR ARTIST"

So Says Private Secretary to Senator McComas.

### OFFICER IS FOND OF TALKING

Hearing in Alleged Bribery Case Postponed to Allow Dyson to Identify a "Candidate."

The conflicting testimony of two witnesses was the cause of another unexpected adjournment by the trial board in the case of Policeman Joseph L. Gillott, yesterday afternoon. The hearing will again be taken up at 11:30 o'clock tomorrow morning.

The chief witness was Frederick A. Dyson, a crossing policeman of the Sixth precinct, who was examined at the own request. In the course of the proceedings on Tuesday his name was mentioned by Policeman J. M. Mahaney in regard to an alleged conversation the two men had.

The burden of Dyson's testimony was a denial of the statement made before the trial board by Mahaney, who asserted that an applicant for a position on the force had confessed to Dyson of his relations with Gillott. According to the self-summoned witness this is altogether false, and the facts have been directly transposed.

### Hearing Postponed.

In addition to this Dyson said he could recognize the candidate, and the postponement of the hearing followed to allow the summoning of all those implicated in the case. At tomorrow's session Dyson will therefore be ordered to point out the alleged briber.

Dyson testified that the incident occurred in the Christmas holidays, while he was off duty. He had been talking to Mahaney at the latter's post of duty when a young man strolled up and began talking to Mahaney.

"Here's a man that paid \$50 for his job on the force," said Mahaney to me," Dyson testified.

"You're a big fool," I replied; "if the Major hears of this you'll be fired."

"The man admitted that he had passed both examinations, and said he had paid \$50 to Gillott."

Dyson also said he had heard of Gillott's "influence" on several occasions, and had been told that the accused frequently offered to sell his "pull."

**Statement by Mr. Downs.**  
After Dyson had finished testifying a statement from N. Carroll Downs, private secretary to Senator McComas, who is ill at the Providence Hospital, was read. It set forth that Gillott was happiest when talking, and was a "hot air artist" of no mean ability, but had always enjoyed an excellent reputation. The only strikingly important part of the statement was Mr. Downs' admission that he had written to the Fire Chief in regard to H. T. Davis at Gillott's request. Davis is mentioned in the charge against the accused policeman as one of the men with whom Gillott had "transactions."

**"Lives of rich men, if we knew them, might not seem so blameworthy, oft the stomachs fastened to them, keep them doting all the time."**

—Wall Street Poet.

The grind for money and fame nowadays works the brain so hard that it takes away the power from the stomach, and so financiers, lawyers, doctors, merchants, great actors, school teachers, and even thinking successful farmers suffer from a lack of power to digest food.

Fact! Fact! Fact! and a deplorable fact. But that's a way out of it. An old thoughtful money maker was an invalid for about eight years. During this time and four years after, he studied foods, hygiene, dietetics, medicine and suggestive therapeutics. He was ill and during the twelve years of experience and study developed a way for brain workers to keep well. He has been over the hard and rough roadway step by step. Does his experience count for anything? Can he point you to the rocks that ruin men? Can he guide you to safe and healthful channels?

Since he got well he has made \$10,000,000 or \$12,000,000, which is evidence of the practical results and literally thousands of brain workers in America and England date their recovery to health, one or two vegetables, a Grape-Nuts pudding and a cup of Postum Coffee and insist on the thick cream.

What is it? First, quit coffee absolutely. It slowly and surely exhausts the elements in brain and nerve centers that must be there or brain fog follows. In order to do this take up Postum Coffee for it supplies the phosphates and other elements needed to naturally, by food in liquid form, rebuild the broken down gray matter in brain and nerve centers. This same is true of Grape-Nuts breakfast food.

Set up your breakfast like this: A little fruit, cooked preferred. A dish of Grape-Nuts (not a large one) with some thick, rich cream (insist on it) a cup of hot Postum Coffee with thick cream, one or two soft eggs. Nothing more unless it be a slice of entire wheat bread. The same for luncheon, then for the night dinner have a good generous portion of meat, one or two vegetables, a Grape-Nuts pudding and a cup of Postum Coffee and insist on the thick cream.

You will digest these meals, sleep like a baby and find the next day that something has been going on in your body that gives you the delicious sense of power and health and you can in a masterful way "do things" and get results.

Is it worth while? The masters of mankind are first masters of themselves and put into practice the knowledge of trained experts in the art of body and brain building.

You can rule if you will. You must have a healthy body and brain to do it. "There's a reason" and its just good old common sense.

## FOR TWO GENERATIONS TEACHER AT COLUMBIAN

Death of Dr. Adoniram J. Huntington, Aged 85 Years.

The funeral of Dr. Adoniram Judson Huntington, for sixty years an instructor in languages at the Columbian University, who died yesterday at the home of his daughter, Mrs. William L. Wilson, in Charleston, W. Va., will be held at 5 o'clock tomorrow afternoon in this city. The services will be conducted at the family residence.

The death of Dr. Huntington removes a conspicuous figure in local educational circles. From 1843 to 1900 he served at Columbian University and retired as dean of the college department, and as professor of Greek, having held the dual position. At one time he was also instructor in mental and moral philosophy at the Corcoran School.

Dr. Huntington was born at Brainree, Vt., in 1818, a son of the Rev. Elijah Huntington. Having a desire to enter the Baptist ministry he studied at a theological school at Randolph, Vt., and finished his training at the Columbian University, where he received the last degree in 1846.

After graduation he decided to defer the ordination, and accepted an appointment as tutor in Latin and Greek. Entering upon his duties in 1843 he continued as professor in these languages until 1849, when he went to Virginia to preach. There he remained until 1852, making his home in Virginia throughout the war.

In 1866 Dr. Huntington resumed his duties at the university, and in 1882 was elected professor of Greek. He continued this work until 1900, when his resignation was accepted with regret. At that time he had been dean of the college three years.

Although Dr. Huntington had acquired an unusually high education, he wrote few books, on the ground that he was not prepared for the work. He was the author of several works, however, and among the most important of these are "The Moral and Religious Training of Children," published in 1893, and "Attica and Athens," published in the "Baptist Quarterly" in 1877.

Dr. Huntington was married to Bettie C. C. Aristian at Urbana, Va., in 1844. They had one daughter, Annie, who was married to the Hon. William L. Wilson, Postmaster General in Cleveland's second Administration. His wife died ten years ago.

He had been ill for about a year, having suffered from a fracture of a leg, which was knocked down in the street by an express wagon and sustained the injury. His death, however, was caused by infirmities due to old age.

## ELECTRICAL WORKERS TO GO ON EXCURSION

Bosses Will Join in Honor of Recent Settlement.

The members of Local No. 26, International Union of United Electrical Workers of America, are to give their annual excursion and outing at Chesapeake Beach tomorrow. The committee on arrangements has perfected plans for the greatest excursion in the history of the organization, and it is believed the electricians will carry a record-breaking crowd to the Chesapeake Bay with them. It is estimated that 500 or more workmen and their friends and families will make the trip.

In addition to other sports there will be a match game of baseball between the journeymen electricians and the helpers. Great rivalry exists between the teams, and it is understood that the men who have been in the business longer than the apprentices. Each member of the winning team will receive a gold pin, with the initials of the Brotherhood of Electrical Workers on it. These pins are both costly and hand-some, and both teams will try their best to capture them.

A large number of the boss electricians and proprietors of the different electrical houses of Washington will also journey down to hear the moanings of the sad sea waves. The bosses will attend the outing in honor of the speedy settlement of the matter of wages which arose recently. The workmen had an agreement with their employers to work for \$3.50 per diem until July 15. The agreement expired yesterday, but there was no demonstration on the part of the workmen, because the question of giving them an increase to \$4 a day was settled several days ago.

The employing electrical contractors met a committee representing the workmen and agreed to pay the men \$4 on and after October 1. This was agreeable to all persons concerned, and the agreement was the cause of the electricians wearing "the smile that won't come off" yesterday. It is understood that the agreement is to last for three years. After the expiration of that time another will, in all likelihood, be drawn up between the two organizations.

The workmen promise to show their bosses a good time at the beach, and as almost all of the masters have employees on the baseball team, it is believed they will take a great deal of interest in the contest.
